The new Outlander PHEV

Refined style, adventurous spirit

Take a step further

Step into a world where modern design and innovation come together. With a focus on comfort, advanced driver assistance systems, and an efficient EV-based powertrain, the new Outlander PHEV is the perfect companion for any journey. Whether navigating city streets or exploring the outdoors, this SUV is ready to take you wherever you want to go.

01

Design

Heritage meets sophistication

A commanding presence, adventurous spirit, and Mitsubishi Motors' SUV heritage come together in a design that blends toughness with contemporary sophistication.

A sculpted, confident form

The Outlander PHEV combines a bold, confident design with purposeful elegance. Sculpted sides, 20-inch wheels, and a jet tail fin-like rear pillar give the vehicle a solid, refined look, perfect for those seeking a modern SUV.

Distinctive LED lighting

The rear of the Outlander PHEV showcases the Hexaguard Horizon design motif and distinctive T-shaped LED tail-lights, enhancing its wide stance and ensuring visibility.

A new face of strength

The new Outlander PHEV catches the eye with its distinctive "Dynamic Shield" front design that creates a feeling of protection and performance. Its strong stance and broad shoulders exude power and stability, reflecting the fearless spirit that's ready to tackle any journey.

Interior

A warm welcome

The horizontal axis design of the instrument panel creates a spacious, rich interior. Smart storage spaces and seamlessly integrated technology reflect the Japanese craftsmanship and the spirit of "omotenashi," offering a warm welcome.

Engineered for your comfort

In the Outlander PHEV, every design element is defined by meticulous attention to detail, ensuring superior comfort and confidence on every journey. Intuitive controls, a thoughtfully designed steering wheel and shift lever provide ease of use and reliability.

Feel the difference

The elegant interior offers a peaceful space, blending sophistication and serenity. The door panels, dashboard, and centre console are all beautifully padded for a refined feel. Choose a higher grade, and you'll enjoy luxurious quilted leather seats with ventilation and massage function in the front row.

For every journey

The Outlander PHEV is built to fit your lifestyle, offering a spacious cargo area and versatile seating that adapts to your plans. Whether you're loading up for a weekend escape or packing for a spontaneous adventure, the flexible interior ensures you can bring everything along with ease. Onboard connectivity keeps you seamlessly linked to your digital world while on the go.

Enjoy the view

The expansive panoramic sunroof takes your experience to the next level. With a tilt and slide function, it effortlessly opens the cabin to the outdoors, enhancing your sense of freedom and connection to nature.

Clearer vision, every time

When passengers, cargo, or challenging weather obstruct your view, the frameless digital rearview mirror provides a flawless solution. By activating the rear camera, it delivers a sharp, wide-angle image, improving visibility behind the vehicle. Whether you're driving in the dark, rain, or with a full load, this innovative feature ensures safer, more confident driving in any condition.

Seamless connectivity

The Smartphone-link Display Audio (SDA) acts as the central infotainment hub. It wirelessly mirrors your smartphone via Apple CarPlay™ or Android Auto™, giving you seamless connectivity through the central 12.3-inch touchscreen. A charging mat provides extra convenience, automatically charging your phone when placed on it.

Digital driver display

The 12.3-inch digital driver display offers a clear view of your vehicle's status, including speed, drive mode, and fuel efficiency. With high-resolution TFT technology, it delivers sharp visuals. You can easily customise the display using the steering wheel controls, so it's set just the way you want.

The tailgate that thinks ahead

Designed for convenience and style, the Outlander PHEV's automatic power tailgate opens effortlessly with a simple foot motion beneath the rear bumper. Its adjustable lift height ensures clearance for low garage doors, while the flat loading floor makes it easy to load larger items and gear.

Power your adventures

The new Outlander PHEV comes with two convenient power outlets—one in the center console and the other in the cargo area. Both offer up to 1500W AC power from the drive battery, providing ample energy for your camping devices, laptops, or smartphones.

Dynamic Sound YAMAHA Ultimate / Premium

Experience a sound journey like no other, inside a vehicle crafted for those who appreciate the finest details.

YAMAHA

Perfect harmony of sound and engineering

Yamaha's legendary musical instrument craftsmanship and Mitsubishi Motors' exceptional car engineering collaborate to redefine the relationship between music and driving. So immersive is the sound, it seems as if the music artist is right in front of you, elevating the driving experience and inspiring listeners to move beyond boundaries.

A live music experience

Engineered by the Sound Meisters, Dynamic Sound Yamaha Ultimate and Premium offer an exceptional audio experience. With 12 speakers and dual amplifiers (Ultimate) or 8 speakers (Premium), the interior becomes your personal concert hall, delivering clarity and depth that elevate every genre.

Hear every note, no matter the conditions

Specially designed door panels enhance acoustic performance, while 4 music profiles let you tailor your listening experience. Volume automatically adjusts based on speed, rain, and air conditioning for a seamless audio experience, no matter the conditions. Elevate every drive with sound that surrounds and delights.

The new Outlander PHEV

8-year warranty

Enjoy the peace of mind that comes with a comprehensive 8-year warranty, plus an 8-year/160,000 km battery capacity guarantee and 8 years of roadside assistance (MAP). *

Impressive range

With the 86 km electric range plus the petrol engine, the new Outlander PHEV offers a total driving range of up to 834 km.

7 Drive modes

The 7 drive modes, including Tarmac, Gravel and Snow, help you achieve the best performance in all conditions.

Stay connected

The new Outlander PHEV keeps you in control with the Mitsubishi Motors app, allowing you to remotely manage cabin climate and EV charging. Stay updated on your vehicle's status with Smart Alerts wherever you are.

Modern and dynamic

The front of the new Outlander PHEV features the bold Dynamic Shield design, delivering a sense of protection and security. Equipped with 20-inch wheels, adaptive LED headlights, and a striking modern SUV profile, it's built to stand out.

2 Electric motors with S-AWC

Powered by a twin motor 4x4 system with Super-All Wheel Control (S-AWC), the Outlander PHEV offers a long-range, electric-based driving experience to tackle any terrain.

Interior

The spacious cabin comfortably accommodates five adults and their luggage. Enjoy premium features like Dynamic Sound Yamaha Ultimate, power panoramic sunroof, and 3-zone automatic climate control.

Advanced safety features

The Outlander PHEV is packed with advanced driver-assistance systems, such as Rear Automatic Emergency Braking, Adaptive Cruise Control, and Emergency Lane Assist, all designed to enhance your driving confidence.

PHEV technology

The Ultimate Plug-in Hybrid Electric Vehicle

Step into a new era of driving with the new Outlander PHEV. Its twin electric motors and advanced petrol engine work perfectly together delivering an EV-based powertrain with top-tier performance. Feel the smooth, efficient power of this cutting-edge plug-in hybrid SUV.

PHEV modes for maximum efficiency

The Outlander PHEV features two independently mounted electric motors for a quiet, smooth ride, working seamlessly with a petrol engine across three drive modes to ensure the best performance for any journey.

EV Mode

Both motors draw power from the battery, delivering a quiet, clean, and powerful ride.

Series Hybrid Mode

The motors are powered by electricity from the engine, which also recharges the battery when needed.

Parallel Hybrid Mode

At higher speeds, the engine takes the lead, with motor assistance when extra power is needed.

Innovative Pedal Operation

Accelerate and decelerate using only the accelerator pedal. Enjoy a smoother, more intuitive drive with enhanced peace of mind.

Regenerative Braking

Transforms kinetic energy into battery power. It activates automatically when you release the accelerator. Adjust the level of braking using the paddle shifters behind the steering wheel.

Super-All Wheel Control

04

Exceptional stability, wherever you go

The new Outlander PHEV features the latest Super-All Wheel Control system, refined through years of motorsport expertise. This advanced all-wheel drive system automatically adjusts driving and braking forces to each wheel for optimal performance when accelerating, turning, or braking.

How S-AWC works

S-AWC enhances handling and performance by combining Twin Motor 4WD, Active Yaw Control (AYC), Anti-Lock Braking System (ABS), Active Stability Control (ASC), and Longitudinal Torque Distribution.

Drive Mode Selector

Optimal performance for every journey

Tailor your driving experience with the Drive Mode Selector, giving you the confidence to tackle any terrain. Simply rotate the dial and select one of seven settings displayed on the Multi Information Display. From smooth tarmac to rough gravel, each mode ensures maximum traction and control.

Safety

Traffic Sign Recognition [TSR]

Stay informed on the road with TSR, which displays traffic signs on the digital driver display to keep you aware of speed limits and other essential information.

Adaptive Cruise Control [ACC]

Maintain your set speed while keeping a safe distance from the car ahead. ACC adjusts speed automatically and can bring your vehicle to a full stop if necessary, resuming when traffic moves.

Emergency Lane Assist [ELA]

Stay safely in your lane with ELA, using a front camera to detect road markings. It activates the brake control system to correct unintentional drifting and avoids collisions with oncoming or blind-spot vehicles during lane changes.

Rear Cross Traffic Alert [RCTA]

Reverse with confidence. RCTA uses radar to spot approaching vehicles or pedestrians behind you. Visual and audible warnings keep you aware, making it especially helpful in low-visibility situations.

Blind Spot Warning [BSW] with Lane Change Assist [LCA]

This system detects when a vehicle is in or approaching your blind spot - diagonally behind your vehicle and in an adjacent lane. If there's a vehicle in those areas, a warning light comes on in the corresponding side mirror.

Rear Automatic Emergency Braking [RAEB]

This system uses sonar and a rear camera to detect objects near the rear bumper. If an object is detected, it sounds a warning, applies the brakes, and reduces the chance of a collision.

Forward Collision Mitigation System [FCM]

Braking that anticipates danger. FCM monitors the distance to vehicles, pedestrians, or motorcyclists ahead. If a collision risk arises, it warns you and enhances braking. If no action is taken, it automatically slows or stops the vehicle.

Driver Attention Alert [DAA]

Displays a warning message for the driver to take a break when low attention is detected based on their steering operation. Helps prevent driving under fatigue, even if the driver is unaware of their fatigue.

Connectivity

Smartphone-link Display Audio (SDA)

Stay connected and entertained on the go with the Smartphone-link Display Audio system. By simply pairing your device via wireless Apple CarPlay® or Android Auto™ you can access your favourite apps, music, and messages directly on the SDA screen. Whether you're an iPhone or Android user, your digital world is just a touch away.

Multi Around Monitor

Drive with assurance using the Multi Around Monitor, offering a complete 360-degree perspective of your surroundings. With Moving Object Detection (MOD), you'll be notified of nearby motion, enhancing your safety on the road.

Smart navigation for every drive

The SDA features Connected Navigation powered by TomTom™ and the Google Maps™ Platform guiding you to your destination with ease. With advanced voice-activated control, you can effortlessly manage functions by simply saying, 'Hello Mitsubishi,' allowing you to focus on the road while staying in command.

Head-up display

You can safely and quickly recognise driving information without taking your eyes off the road. The Outlander PHEV is equipped with a windshield-type head-up display which projects all the vital driving information you need in full colour right in front of you.

Mitsubishi Motors app

Take control, anytime, anywhere

Maximise your driving experience with the Mitsubishi Motors App. This intuitive tool puts key vehicle information and features right at your fingertips. Whether you're on the move or at home, it ensures seamless control and keeps you connected to your Mitsubishi like never before.

Remote functions

Ultimate control.

Precondition your cabin by remotely adjusting the temperature. Manage your EV charging anytime, ensuring your Outlander PHEV is always ready to go.

Vehicle information

Be informed.

Vehicle health and status are what truly matter. Stay informed about active warnings, open doors, and other key alerts.

EV Features

Charging made easy.

Stay in control with EV features: schedule charging times and review your charging history effortlessly, all in one place.

Smart Assistance

Help is one tap away.

Use the app's help section to quickly request roadside assistance in an emergency.

Route planning made simple

Plan your route ahead.

Plan your journey in advance with the app and send the route directly to your Outlander PHEV for seamless navigation.

Personalisation

Make it yours

Express your style with the Outlander PHEV's range of seven striking colours, such as Moonstone Grey Metallic and Graphite Grey Metallic. For a more exclusive look, choose one of the diamond finishes, like Black Diamond or White Diamond.

▲ Red Diamond

▲ Black Diamond

▲ Graphite Grey Metallic

▲ Moonstone Grey Metallic

▲ White Diamond

▲ White Solid

▲ Cosmic Blue Mica

Two-tone elegance

Stand out with the optional two-tone design. You have five colours to choose from, like Moonstone Grey Metallic with a black roof or Black Diamond with a silver roof for a distinctive look.

OK

Memory key functions

Personalised comfort

With the KOS key, your Outlander PHEV recognises the driver and automatically adjusts the seat and meter settings for a tailored experience.

Power adjustable seat & memory

Effortlessly return to your perfect driving position. The 8-way power-adjustable driver's seat stores preferences for two users, making switching drivers quick and convenient.

Genuine Accessories

Elevate every journey

Make your Outlander PHEV uniquely yours with Mitsubishi Genuine Accessories. Crafted with precision and care, they combine innovation, safety, and performance to elevate every journey.

▲ **Roof carrier & Roofbox**
Capacity; 512 liter.

▲ **Front skid garnish**
Black.

▲ **Trunk tray**

▲ **Rear bumper garnish**
Black.

▲ **Tailgate spoiler**
Black.

▲ **Engine emblem**
Black or silver.

▲ **Door mirror cover**
Carbon, black or chrome.

▲ **Detachable towbar kit**

For the personal touch

Perfectly integrated with your vehicle's design, these accessories enhance style, comfort, and practicality. Whether boosting protection, adding convenience, or showcasing bold design elements, each Genuine Accessory is crafted to elevate your Outlander PHEV's individuality and performance.

▲ **Bike carrier**
Capacity: 2 or 3 bikes.

▲ **Alloy wheels**
18 and 20 inch.

▼ **Entry guard**
Illuminated.

▲ **Rear bumper protection plate**
Chrome.

▼ **Floor mat sets**
Rubber or textile.

▲ **Separation rack**
R126 approved. Black coated.

Trim Levels

Inform

- 12,3" Full digital driver display
- 12,3" SDA with connectivity CCS 1.5
- 18" Alloy wheels
- 2x front USB-C
- 5-seat configuration
- ACC/Advanced Lane/AHB/BSW/DAA/DMS e-CALL/ELA/ISA/LCA/RCTA/TSR
- Anti-theft device
- DAB radio
- Door trim for fabric seat
- Dual-zone automatic air conditioning
- Dynamic Sound Yamaha Premium 8 speakers
- Electronic parking brake w/ auto hold
- Fabric seats
- FCM (pedestrian + cyclist) w/ junction assist
- Frameless auto dimming rearview mirror
- Front & rear parking sensors
- Front rain-sensing wipers
- Heat pump w/ pre heat
- Keyless Operation System (KOS)
- Leather steering wheel & shift knob
- LED headlights & DRL
- LED rear lamps
- Light grey headlining
- Manual adjustable front seat
- Multi Around Monitor
- Power folding door mirrors w/ side turn signal
- Power lumbar support for driver
- Quick charger (Chademo)
- Regenerative brake level selector (paddle type)
- S-AWC w/ HSA/HDC/ASTC/TSA
- Shark-fin antenna
- Tire repair kit
- Tonneau cover

Invite

In addition to Inform:

- Door trim for synthetic leather seat
- Headlight washer
- Heated front seats
- Heated steering wheel
- LED front fog lights
- Privacy glass

- Power adjustable driver seat (8x)
- Synthetic leather seats
- USB w/ illumination rear passenger
- (Smartphone) wireless charger

Option

- Power outlet (AC 220-240V 1500W)

Intense

In addition to Invite:

- 20-inch alloy wheels
- Adaptive LED Headlight (auto levelling)
- Head-Up Display (HUD)
- Roof rails (silver)
- Sequential LED front turn signal

Option

- Power outlet (AC 220-240V 1500W)

Instyle

In addition to Intense:

- 3-zone automatic air conditioning
- Aluminum pedals
- Digital rear view mirror
- Door trim for leather seat
- Dynamic Sound Yamaha Ultimate 12 speakers
- Heated rear seats
- Leather seats
- LED Foot light & front door trim illumination
- Ventilated front seats
- Power adjustable driver seat with memory

- Power adjustable passenger seat with memory
- Power folding door mirrors w/ side turn signal position memory & reverse auto tilt
- Power panoramic sunroof
- Rear door pull-up type sunshades
- Rear reading lights
- Room light less for sunroof

Option

- Power outlet (AC 220-240V 1500W)
- Two Tone Body colour

Instyle +

In addition to Instyle:

- Black headlining
- Door trim for Semi-aniline leather seat
- Front seats with massage function

Option

- Power outlet (AC 220-240V 1500W)
- Two Tone Body colour
- Semi-aniline leather seats (brown)

Dimensions

* Charging time will vary depending on the condition of the drive battery, air temperature, electric power consumption of electrical devices during charging and condition of the power source (such as specifications of the quick charger). This charging time is for when the value of the upper limit of the electrical current on the charger side is 10 A or above. If the value is less than 10 A, the charging time will be longer depending on the value of the electrical current on the charger side.
