THE NEW COLT

UNMISTAKABLY YOURS

City life is vibrant, full of variety and never a bore. Indeed, the city is perhaps where the Colt comes into its own most strikingly. It feels and looks at home here. That’s not to say that it doesn’t like to venture out: the coupé-like Colt 3-door, the adaptable Colt 5-door and the high-performance, sporty Colt Ralliart – all members of the Colt family combine style and technology to provide a distinctly pleasurable driving experience on narrow urban streets as well as the open road.

The Colt is the small car with extra large appeal. It draws attention for all the right reasons. From its determined, powerful face to the sculptured rear lights, this is unmistakably a Mitsubishi and yet it has a presence all of its own. Still, you may well like to enhance your new Colt’s presence even further, and therefore we’ve developed a range of accessories to make your unmistakable Mitsubishi unmistakably yours, both inside and out.

EXTERIOR STYLING

FLAIR AND BEAUTY - READY TO GO

The Colt boasts all the dynamics you could wish for from a modern compact car. It occupies just a modest amount of space on the road, but sharp lines, a jet-fighter inspired grille and delicate attention to detail cunningly come together to make the car an absolute knockout. Flair and beauty – ready to go. To add your own personal finishing touch, consider some of the stylish accessories that have been designed especially with the Colt driver in mind. For instance, there's a wide range of alloy wheels to choose from, a large or a small rear spoiler or a beautiful rear styling element, designed especially for the sporty Colt 3-door. And there's more, all tailor-made for perfect fit and safety.

Just as the Colt will fit perfectly into your life, your life will easily fit into the Colt. Its spacious, flexible interior provides the comfort you would expect from a vehicle that needs a much bigger parking spot. Indeed, when you get in, you'll be amazed by our designers' ergonomic handiwork: the shape and position of the controls and instruments, the creative use of space, the overall ambiance – the basic package is second to none. As ever though, the finer details have been left up to you, depending on your taste and needs. You may like aluminium sports pedals, cool silver-coloured decoration panels, an MP3-compatible radio cd player and a hands-free kit and display on the rear view mirror – it's up to you, the final finishing touches are yours.

BIG ON SPACE, BIG ON COMFORT

Split, folding rear seats and a moveable load floor in a compact car? Absolutely. And the use of the finest materials give the Colt’s versatile interior a perfect finish that’s sensational to the touch. There’s also plenty of clever storage space for your drinks, sunglasses and other valuables. In addition though, we offer several practical extras to enhance your comfort and meet more demanding storage requirements: a leather armrest, a sliding tray under the passenger seat and a very convenient trunk cover to hide your cargo from prying eyes. As simple as they are effective, they’ve been tailor-made for the Colt and meet the highest standards of quality so that your journey, be it for business or for pleasure, is as convenient and enjoyable as a journey can get.

CALM REASSURANCE

We have designed the Colt to be as safe as it is stylish. In fact, safety is at the top of each and every Mitsubishi's list of design specifications. A rigid body cage, airbags, standard ABS, Electronic Brake-force Distribution and more, it's all fitted so that you can enjoy your drive with calm reassurance even in the most hazardous of conditions. Depending on your needs and situation, however, you may like to consider some of the extra safety and protection accessories we've developed for the Colt. Accessories like bumper corner protectors and rear bumper foil, rear parking assistance to help you manoeuvre into the tightest of spots, and a range of child safety seats that will keep your younger passengers firmly in their place. Maximum safety and protection for all - it's a must.

IMAGINE NOT HAVING TO DECIDE WHAT TO LEAVE BEHIND

The Colt is so roomy that there is plenty of space for you and everything you need to take with you. Indeed, it has been designed to get the very maximum out of it in practical, everyday use. Flexible passenger seating arrangements, clever storage solutions, this little big car emphasises BIG. To further the Colt's capabilities in this respect, Mitsubishi offers you a number of heavy-duty options in case you'll be moving loads that are REALLY BIG. Or perhaps merely have awkward dimensions. A towbar for your trailer, of course, but also a custom roof carrier with a comprehensive range of carrier attachments for anything from skis to bikes. Make a mule of your Colt – you'll never be forced to leave anything behind.
