

# GRANDIS

Even the merest glance at the stunning Mitsubishi Grandis is sure to make you take a closer look. This beautifully styled car is far from being just another MPV. In fact, it's as sleek and impressive as a sporting car. By providing you with the best of both worlds, the Grandis sets a new standard for its class. On the one hand, it's a luxury sporting estate for six or seven persons while on the other hand it's an eye-catching yet thoroughly practical multi-purpose vehicle. But it's the unique styling of the Grandis that justifies its position as Mitsubishi Motors' top-of-the-range MPV. This brochure features a wide selection of genuine accessories to complement the comfort and design of this magnificent car.

When Mitsubishi Motors starts to design a car, optimum safety is always the first consideration. The Grandis is certainly no exception to this. So whenever you're behind the wheel, it's a comforting thought to know that you and your passengers are surrounded by a rigid body cage and safety equipment such as ABS and airbags for driver and passengers. For even more security, Mitsubishi Motors offers a range of child safety seats for example. Naturally, these meet the very highest standards, affording maximum protection for the biggest...and the smallest.
